Prince of Wales Staff take a leap for Students

Two staff members at Prince of Wales school in St. Catharines will be taking a leap as they ski dive to raise funds for a new playground. On Saturday, June 2, 2007 after over three years of fundraising, staff will take that final plunge for donations in order to get a playground for students in grades one to eight.

Currently the school is without playground equipment of any kind. This fundraising effort is in collaboration with Saturn of Canada and the local community. Presently the school has raised \$43,000.00 and are hoping for another \$10,000 donation from the Education Foundation of Niagara.

Saturn will donate \$20,000.00 to the program if the school can match that donation.

The playground is set to be installed on Sunday, September 9, 2007 and will be the last playground sponsored by Saturn as this program is being discontinued.
