

District School Board of Niagara invites applications for the following position:

**Senior Web Developer
(full-time position)
DSBN Education Centre**

The Information Technology Services Dept. requires an innovative/energetic professional to work within the Board's continuously evolving, multi-tiered computing environment. The applicant needs to be able to work independently, and in a team environment.

This position may encompass the following broad categories:

- meeting with clients to determine functional requirements of web applications;
- developing web applications meeting the functional requirements of the client;
- creating web applications that focus on quality and usability under strict timelines;
- presenting completed projects and providing initial training; and
- creating documentation related to his/her work

The functions of this position could include (but are not limited to):

- developing custom web applications built for on-premise use or in the cloud
- enhancing application interfaces (API's) to existing custom or purchased software solutions
- integrate web applications with Student information systems (Aspen), Learning management systems (D2L) and other key technology assets
- other duties as assigned

Qualifications:

- minimum three (3) year college diploma/ university degree in Computer studies, Information Technology or Computer Science related fields or equivalent work experience
- three (3) or more years developing web applications in an enterprise environment
- demonstrated ability to develop web applications focusing on functionality and intuitive, user-friendly design
- strong commitment to customer satisfaction and quality
- strong team attitude
- Excellent learning, communication and organizational skills. Professionalism and client-focused service is essential.
- HTML, JavaScript, CSS Front-end framework (VueJS, React, or Angular)
- C#, .NET Framework, Node.JS
- RESTful API Design
- Git, Gitlab
- Microsoft Azure cloud services
- SQL Server 2016 SP2+
- Microsoft Visual Studio
- Microsoft IIS v8.0 and above
- JQuery, AJAX and/or other server-side scripting languages
- Provision of a satisfactory Criminal Records and Judicial Matter Check from the last 6 months (or ability to obtain one) is a condition of employment.

This is a full-time unionized position within the DSBN's Office, Clerical, Technical and Instructional Support employee group which includes a competitive wage and a comprehensive benefits package.

Application Deadline: 4pm on Monday October 5, 2020

To apply, please email a cover letter and resume (as one attachment) to:
careers@dsbn.org

Please use "Senior Web Developer Vacancy" as your e-mail subject line.

The District School Board of Niagara is committed to equity and inclusion in the recruitment and hiring of qualified staff who reflect the diversity of our region. We encourage submissions from candidates who represent the various dimensions of diversity. We will make interview and employment accommodations during the selection process, based on any of the human rights protected grounds. Please notify us in advance and we will work with you to meet your needs. Applicants are thanked for making known their interest in working for the District School Board of Niagara. We encourage applications from all qualified individuals; however, only those under consideration will be contacted.
